

Concept

Cuddy Cabin Series

44

Custom-built for high-powered boating fun, this offshore powerboat blends performance and luxury for families that live the offshore lifestyle. Outboard power options include triple or quad engines, and even Seven Marine high-performance motors. An air-conditioned cabin with sleeping accommodations for a family of four makes the Concept 44' Cuddy Cabin perfect for weekend excursions with the family, or for overnight fishing trips with your crew.

Whatever your needs or your unique style, the options for customization are almost endless. Choose from a wide selection of vinyl fabrics in a variety of colors. Configure custom lighting options and add entertainment amenities like satellite TV or a high-end sound system. A full galley with sink and dual burner electric stove, as well as refrigeration drawers are available. Finish it all off with custom graphics and a radar arch or t-top to match your offshore lifestyle.

Luxury Performance & Comfort

Outboard power options include triple or quad engines, and even Seven Marine high-performance motors.
